# Quick Ship Program

# Design to Shape Light

Our products encompass the duality of design and light. Every detail in the design has a purpose.

Every design starts and ends with light.

We believe in passionate craftsmanship that brings quality lighting to and for humans, and design products that are pleasing to the eye and to the light.

We are born out of the Scandinavian way of designing where form follows function.

Our means are simple and beautiful design. Our purpose is to create an ambient and pleasant atmosphere that affects people and spaces.

We design to shape light.

The Louis Poulsen Quick Ship program is a collection of some of our most popular products that provide the specifier and representative product options available within a short time frame. Products listed, ship within five business days.

While the Quick Ship program at Louis Poulsen is focused on providing options, you will also find many other products that have a short lead time in our full offering.

The Quick Ship program is limited to the variants of the products in this brochure, and only available to ship to U.S. customers.

Note that lead times can be extended for large quantities or when an item is experiencing unusual ordering activity.

For an questions or to place an order, please click [here](#) to find your local Louis Poulsen representative.
